

the Smilist

June 2023

Dear Friends and Patients,

We are excited to announce that we have decided to join The Smilist Dental, a highly-respected dental management organization. Given the changes occurring in the healthcare industry, this is a welcome and timely partnership. The Smilist benefits patients by assuming many of the time-consuming administrative tasks required in operating a successful dental practice, such as navigating the insurance process and helping to contain the costs of care.

This decision was made to both alleviate the burden on the administrative side of the business and to take our practice to the next level. As we all know, navigating the insurance landscape has become cumbersome and sometimes extremely frustrating. This partnership will assist with the tasks associated with this side of the business. My presence in the practice delivering high level dentistry to all my patients will not change. In addition, all staff including our health care providers will be here to serve your dental needs for now and well into the future. Our entire team is excited to be part of this wonderful company.

We truly appreciate the trust and confidence you have placed in us, and we look forward to continuing to treat your dental health needs with the same personal and caring attention you have come to expect at our office.

We will continue to participate with the same insurance plans, and our phone number, (914) 423-1900, will remain the same. During the transition, as we merge communication systems you may notice The Smilist on your caller ID, appointment texts, communications, correspondence, and statements.

If you do not have an appointment currently scheduled, give us a call to schedule. We look forward to seeing you at the office soon!

Sincerely,

*Amit Rajani, DMD*
